GOAMERICA® ANNOUNCES FIRST QUARTER 2008 RESULTS

Completes Strategic Business Transactions and Achieves Operating Profitability

HACKENSACK, N.J., May 15, 2008 -- GoAmerica, Inc. (Nasdaq:GOAM) , a provider of relay and wireless communications and professional interpreter services for deaf, hard-of-hearing, and speech-disabled persons, today announced unaudited results for the quarter ended March 31, 2008. The Company's Quarterly Report on Form 10-Q is on file with the Securities and Exchange Commission ("SEC").

During the first quarter, the Company closed its purchase of the telecommunications relay services business of Verizon and its merger with Hands On Video Relay® Services, Inc. In addition, the Company generated operating profitability for the first time in its history.

Total revenue for the three months ended March 31, 2008 was \$29.1 million, compared to \$4.3 million for the three months ended March 31, 2007. The revenue growth is primarily attributable to the transactions noted above as well as organic growth in the Company's relay services business.

Income from operations for the three months ended March 31, 2008 was approximately \$2.1 million compared with a loss from operations of \$638,000 for the three months ended March 31, 2007. Net income for the three months ended March 31, 2008 was approximately \$365,000 compared with a net loss \$765,000 for the three months ended March 31, 2007. Net loss available to common stockholders, when taking into account \$714,000 of accrued preferred stock dividends, was \$349,000, or \$0.04 per common share, for the three months ended March 31, 2008 compared with a net loss \$765,000, or \$0.35 per common share, for the three months ended March 31, 2007.

Income from operations, when adjusting for approximately \$2.1 million of employee stock compensation charges and integration costs related to the January 10th acquisitions, was \$4.2 million for the three months ended March 31, 2008. This adjusted income from operations include non-cash expenses of \$0.2 million of depreciation and \$1.4 million of amortization, primarily attributable to the transactions noted within.

Cash provided from operations, when adjusting for the effects of the transactions, was \$2.4 million, principally resulting from income from operations. Capital expenditures for Q1 2008 were \$1.3 million, used primarily to fund capacity expansion and call center operations.

As of March 31, 2008, GoAmerica had approximately \$25.3 million in unrestricted cash and cash equivalents as well as \$0.5 million in restricted cash. Furthermore, the Company has \$15.0 million of borrowing capacity under its revolving line of credit.

“The Company performed well following the closing of our transactions and we’re delighted to have achieved operating profitability for the first quarter,” said Dan Luis, CEO of GoAmerica. “Through these transactions and the operational efforts of our team, we have strengthened the Company’s position as an industry leader and have established a new foundation to support our growth.”

Summary of Recent Activities

On January 10, 2008, the Company announced that it had closed its acquisition of Verizon's telecommunications relay services ("TRS") division for \$46 million in cash and up to an additional \$8 million in contingent cash consideration, and that it closed its merger with Hands On Video Relay Services, Inc. for \$35 million in cash and 6.7 million shares of the Company's common stock for total consideration of approximately \$69 million. The foregoing transactions were financed through a \$40 million first lien credit facility provided by Churchill Financial LLC and Ableco Finance LLC, and a \$30 million second lien credit facility provided by an affiliate Clearlake Capital Group, and by the sale of \$40.0 million of GoAmerica's Series A Preferred Stock to Clearlake and related entities.
