

CLEARLAKE CAPITAL-BACKED DUDE SOLUTIONS TO ACQUIRE CONFIRM® FROM PRECISELY

Acquisition Further Strengthens Dude Solutions' Position as the Leading Global SaaS Provider of Cloud-based Strategic Operations and Asset Management Software

SANTA MONICA, CA and CARY, NC – October 14, 2020 – Dude Solutions, the leading SaaS provider of cloud-based operations management software, backed by Clearlake Capital Group, L.P. (together with its affiliates “Clearlake”), today announced it has signed a definitive agreement to acquire the asset management platform Confirm® from Precisely, the global leader in data integrity. Financial terms were not disclosed.

Confirm software enables public and private sector organizations to deliver critical infrastructure services, maximize operational efficiencies and leverage internet of things (“IoT”) technology to unlock smart applications and use cases. The acquisition of Confirm reflects the commitment by Dude Solutions to accelerate growth through product innovation and strategic acquisitions.

The addition of Confirm broadens the Dude Solutions product portfolio serving public sector clients, offering smart city solutions that help organizations implement strategies to extend asset life, increase citizen responsiveness and optimize mobile workforces. The acquisition also extends Dude Solutions’ presence geographically in both EMEA and APAC. It represents the company's eighth acquisition in the past six years, and its second under sponsorship from Clearlake.

“Dude Solutions’ acquisition of Confirm represents an exciting growth opportunity for both of our businesses,” said Kevin Kemmerer, Dude Solutions Executive Chairman. “The combination of our software platforms offers government clients an unmatched product platform for smart infrastructure asset management. Together with Confirm, we look forward to delivering the most innovative solutions as we serve the unique and evolving needs of our clients.”

Josh Rogers, CEO of Precisely, said, “The acquisition of our Confirm business unit by Dude Solutions is strongly compelling for all parties. In Dude Solutions, Confirm has found a home with a complementary product set and geographic footprint in which the business can continue to thrive. With this transaction, Precisely can put greater focus on our core strategy as the global leader in data integrity – providing maximum accuracy, consistency, and context for confident data-driven decisions.”

“Confirm is a natural extension of the Dude Solutions platform with a suite of software solutions that help government clients automate mission critical asset management workflows,” said Prashant Mehrotra, Partner and Managing Director, and Paul Huber, Principal, of Clearlake. “Now more than ever, the public sector is looking for innovative ways to extend the useful life of assets and work more efficiently. We believe joining forces will strengthen the Dude Solutions operations management platform and further deliver on client demands to automate asset management and capital planning processes delivering significant long-term value to clients.”
